RE: Tentative Approval & Surety
Leamington Cement Plant
ACT/023/004
Sevier County, Utah

Dear Mr. Berg:

The Board of Oil, Gas and Mining, at their last monthly meeting, concurred with the Division's decision to grant tentative approval to Martin-Marrietta Cement's mining operation and cement plant in Sevier County, Utah.

An abbreviated version of Martin-Marrietta Cement's mining and reclamation plan will be published one time in State and local newspapers to solicit public comment. If no adverse comments are received during the required thirty day waiting period, the Division can issue final approval upon receipt of the reclamation surety.

The Board approved the Division's use of the Forest Service Bond for \$386,000.00, assuming that an acceptable agreement with the Forest Service can be reached. Final approval will be granted pending no adverse comment. Should you have any questions, please feel free to call.

Sincerely,

RONALD W. DANIELS
COORDINATOR OF MINED
LAND DEVELOPMENT
